## GEORGE LAING BEATS MILLS

Splendid Tennis Played Yesterday Morning

### THREE STRAIGHT SETS

New Champion Has Remarkable Record—Never Tires

The final in the singles of the tennis tournament, was decided yesterday morning and the intercollegiate championship belongs to George Laing, our peerless athlete.

The games were very exciting and some really wonderful tennis was displayed. The scores of the sets were 6-3, 7-5, 6-1. From this it can be seen that the winner took three straight sets.

George Laing was playing his very best and also very steadily, never faltering. The winner is a very consistent player and a terrible man to beat as he never gives up hope. In the second set Mills was within one point of winning a game, which would have given him the set; but Laing took three points in succession and eventually won the set.

Mills was not as steady as Laing, but his play was at times very spectacular. He was especially good on overhead strokes and repeatedly played these in a magnificent manner.

The games were very pretty to watch and full of beautifully played shots and very fast. Both these men deserve the greatest credit for the brand of tennis displayed by them during the tournament.

It is remarkable how George Laing seems to be able to do everything without becoming apparently at all fatigued. On Tuesday he played three sets of tennis then came into town and played a very hard game on the half line of the football team against Montreal. On Wednesday George played three harder sets of tennis and then tried out with the football team and went through one of the most strenuous practices of the year. Yesterday Laing played the final in the singles and was out to practice with the football team in the afternoon, and after the practice was over, was probably the freshest man in the squad.

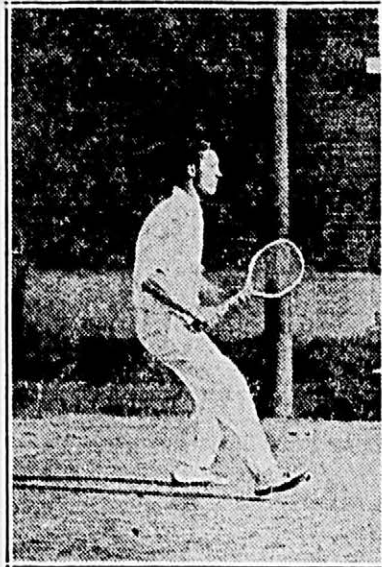

George Laing has quite a record in tennis circles. This year he won the Quebec Provincial Championship, and was in the semi-finals for the Ontario championship. The year before he was holder of the championship of the state of Michigan and runner-up for the championship of the city of Detroit. He also won many honors while at Trinity College school, Port Hope. McGill can feel proud of having such a splendid tennis player and all round athlete attending the University.

## BASKET BALL CLUB START ACTIVITIES

Annual Meeting to be Held To-day in Strathcona Hall

For to-morrow afternoon the basketball club will start the year's activities. The annual meeting of this club, has been called for six o'clock to-day in Strathcona Hall, where the election of officers for the ensuing year will be held.

## INTERCOLLEGIATE CHAMPION

George Laing, McGill's Football captain and tennis expert, who defeated Mills for the singles' title yesterday.

## PRESIDENT NOMINATED

Art Mathewson's Name Only One Put Up

### CANADIAN CLUB MEET

Prominent Speakers May Be Here This Year

The call for nominations for the presidency of the McGill Canadian Club resulted in the unanimous choice of Mr. J. C. Arthur Mathewson, who will be formally elected at the next meeting of the club. Mr. Mathewson is a graduate of Arts '12 and is now taking his first year in Law.

White at McGill previously he took a very prominent part in student activities and held many important offices. He was several times president of his class, and vice-president of the Arts Undergraduate society and president of the French Club. Mr. Mathewson always took an interest in the Lit and was a leading Liberal member of the first and second Mock Parliaments. He was also secretary of the Canadian Club during the first year of its existence. On graduation Mr. Mathewson won the special travelling scholarship in Economics offered by Mr. Guy Drummond and spent last year studying at the University of Paris.

In an interview last night with a Daily representative, Mr. Mathewson said that the policy of the Canadian Club this year would be to hold meetings addressed by very prominent men. He mentioned Mr. Thomas A. Edison, the great inventor, and Sir Wilfrid Laurier as likely speakers. If necessary, well-known men would be brought to the city specially to address the students, thus the club will not confine itself to the speaker of the Montreal Canadian Club. Principal Peterson has promised his warm support and this should insure a very successful season.

## RAPID WORK ON THE UNION

Repairs to Foundations Progressing Very Quickly

### COLLAPSE IMPOSSIBLE

Newspaper Reports of Fissures in Walls Grossly Exaggerated

Work is progressing rapidly on the supports of the McGill Union building where it has sunk, and in a few days all repairs will have been completed. First reports of the extent of the damage caused were grossly exaggerated, especially those appearing in certain downtown papers.

Three days ago it was discovered that the McGill Union Building was sinking at the north-west corner. The following day the sinking had assumed an alarming rate and that evening the Foundation Company, of New York, started work in answer to a hurry call.

Cracks in that corner of the building have been noticeable for the last few days and were attributed to a moving underground belt of clay, or shifting sand. The blasting in the C. N. R. tunnel may also have had something to do with it.

As yet, it cannot be ascertained how much the building has sunk. This cannot be found out until the proper instruments are used. However, the men superintending the work say that the building cannot have dropped three feet, as stated in the newspapers, or the whole wall would have fallen. Mr. Thompson, who was in charge of the work yesterday, is a graduate of McGill and a former president of the Union as well as one of the organizers of the McGill Daily.

At an absolute guess Mr. Thompson said that the work to be done might take about two weeks.

The excavations yesterday had reached the depth of about six feet, and were not going very fast on account of the hard clay.

The plan to be carried out by the engineers is this:—Three blocks of stone will be knocked out at the bottom corners of the first, second and third floors and large pins will then be placed in these holes. Heavy braces will be slipped underneath the two uppermost pins and after that these braces will be forced upwards by means of jacks or wedges under their lower ends. The bottom pin will be levered up by the same wedges or jacks, pushing up the second floor. After this the foundation will be raised up and bedded more firmly.

In the meantime, though the scaffolding may look formidable, nobody need concern themselves at all about the possibility of the corner walls falling out.

In order to win another championship for McGill this year it is absolutely necessary to have the support of the entire student body. Organized rooting is the best method of encouraging the men that I know of. Let me wish the McGill Rooters' Club every success for the coming year.

(Signed)  
FRANK SHAUGHNESSY.

## FINAL PRACTICE BEFORE QUEEN'S GAME FINDS MCGILL TEAM NONE TOO STRONG

Shaughnessy Springs Surprise, Jimmy Lee at Centre Scrimmage—Brophy Punts 70 Yards

## SECOND FOURTEEN HELD SENIORS AT YESTERDAY'S PRACTICE

Dan Gilmour Out to Assist in Coaching—Several Changes in Line-up, Norm Williamson at Flying Wing—Heat Interfering With Play

Coach Shaughnessy sprang the surprise of the day yesterday afternoon when he had Jimmy Lee, captain of last year's intercollegiate champions, lined up at centre scrimmage. Jimmy is not in condition yet, so is unfit to play his old position of flying wing, but "Sha" wants him in the game of Saturday on account of his defensive tactics. The coach himself is quoted as saying "there is no better man, on the defensive, playing football in Canada than Jimmy Lee." Jimmy fitted in well yesterday and was under every buck. His presence will strengthen the team considerably.

The team lined up against the seconds for a hard practice, the last before Saturday's game with Queen's. The weather was too warm for football, but even this cannot excuse the poor showing of the team against the seconds. The whole senior squad was out with the exception of Donnelly and Red McLean, and it was expected that the team would show marked improvement over Saturday's form.

Chuck Waterous was the only man on the line to show up at all well, and it was a treat to watch the big line-plunger work. Whether bucking or opening a hole for the others, Chuck was always on the job, and showed more speed than ever before. He is almost certain to have the best season of his career on the football field this year.

Captain George Laing was at his old place at right outside wing and showed that he had not forgotten how the position should be played. Not a play got past him all the afternoon, and the right side of the line appears to be as strong as ever with Hughes, Waterous and Laing, and Jimmy Lee on the secondary defence.

The left side has to be improved if they wish to hold their own against Queen's. Of course, they are all new men and work hard, but there is room for plenty of improvement. Jeffrey tackles well, but does not cover his man on end runs as well as he might. However, great things are expected from him later on. Norm Williamson works hard, and when he becomes more used to his position will be very valuable on that side.

The senior squad was weakened yesterday by having no regular left inside wing. Fisher and D. Williamson were played at that position to fill in, but neither had played there before and did not work well with the others.

Monty was at quarter yesterday and appeared to be a fixture there. Towards the end of the practice his on-side kicks were working well and Laing went over for two touch-downs. On the half line Draper, Brophy and Paisley played. "Pop" showed he was just as sure as ever, and his return kicks were good. Draper is rounding into form again and his catching and kicking were like his last year work. Brophy was getting plenty of distance to his punts, but was not returning kicks as much as he should.

Dan Gilmour, the hero of many football games on the McGill Campus, was out in uniform coaching Lemay at left middle. Lemay should improve greatly with the coaching of such a star as Dan, and ought to strengthen the line greatly.

The first squad indulged in kicking and tackling practice for a while and then lined up against the seconds for about an hour. The seconds held their own against the seniors, and in the first half hour very nearly scored sev-

eral times, while their own line was never in danger. Buckley kicked well and with Fairweather and McCall made the best half line the seconds have had for some years. However, good kicking by Brophy and bucks by Waterous and Lemay gave the seniors the better part of the play during the last half hour.

"Chuck" bucked over for a touch, and Laing scored two tries on on-side kicks by Monty.

The seconds' line played good ball all the way through, and on the showing they made should easily defeat Queen's II, on Saturday morning.

Shaughnessy and all his players are hoping for cooler weather for Saturday, as it is impossible to ginger up and play good football in such heat as this. Shoulder pads are almost unbearable, and without them the men are exposing themselves to serious injury.

During kicking practice yesterday, Don Brophy was getting 70 yards on his punts, and if he can only do this in a game he will easily hold his own with Hagler. But he must be protected in order to kick his best, and therefore the wing men must block their covers carefully.

There will be only a light signal practice to-day to put the finishing touches on the team for the game to-morrow.

The team lined up yesterday afternoon as follows:—  
Flying wing, N. Williamson.  
Halves, Paisley, Brophy and Draper.  
Quarter, Montgomery.  
Scrimmage, Lee, De Muth and Greene.  
Inside wing, Hughes and Fisher.  
Middle wing, Waterous and Lemay.  
Outside wing, Laing and Jeffrey.

## TRACK TEAM HARD AT WORK PREPARING FOR SPORTS DAY

Good Time Made in Quarter Yesterday — Cushing Does High Jump Well

The dressing rooms on the campus presented a lively scene yesterday afternoon. Quite a number of speed merchants and field athletes were out some working hard, others just limbering up.

Coach Graydon spent some time watching the high jump. Several good men worked on this event. Cushing was about the best of this field, clearing his own height well about 5 feet 6 inches.

In the broad jump, Rittenhouse and Macfarlane were doing good work. Both show class and should do well with more practice.

Dan Sutherland who would be a winner but for "Mac" was working hard with the weights, especially the hammer throw. Dan is finely built for this sort of work and is improving daily under the eye of Coach Graydon. Macdonough was not out yesterday.

Alberga did not take his turn in the early hours to-day, but turned out with the rest and did well in the half

Moore was out late but was working well and hard. He is coming on fast. Cambridge and Gordon were doing their thirteen laps well. Gerrie was not out to-day, but can be counted on to do the three miles better than seven minutes, when it comes to a pinch.

Quite a few were practising starts just about the time dusk was falling. Hayve, Heller, Rittenhouse and Macfarlane especially.

Hayve and Fraser made a fine quarter mile. The coach got their time as about 54 secs. and was quite pleased with their showing.

It is unfortunate that Mackenzie, president of the track club, is laid up with a slight cold as he takes a great deal of pains getting things going well for the track men and likes to be around to see them in action.

The M.A.A.A. grounds have been secured for the track men and the entry lists are now open both in the Strathcona Hall and in the Union. All entries must be in by the 15th.

## TORONTO SOPHOMORES INITIATE FRESHIES

Initiation Ends in General Scrap and "Babes" Are Worsted

Toronto, October 9.—"Vile" freshmen of Toronto University have at last been initiated. It took the sophomores a whole week to round them up, make them scrap, then feed them and bid them welcome. Yesterday morning the two factions in proud array met for battle on Victoria College campus. For an hour all was action. Lucky were the few who survived with less than a sleeveless coat, torn vest and trousers, lost collar or tie or cap. But no one was badly hurt, and the initiated "freshies" accepted their initiation with an unusual display of good humor. The "sophs" though fewer in number, of course, claimed all glory of conquest, and to show they really intended no harm, escorted the freshmen men to an upper Yonge street restaurant and there paid for all they could eat.

It was the culmination of a series of vicious attempts by the second year students of Victoria College to initiate. The annual meeting of the Senior were initiated only a short twelvemonth ago. Early last week a number of enterprising sophomores designed a grave, decorated it appropriately with wreaths of stones, and placed thereon a cross bearing the inscription "17." Careful watch was kept to see if some indignant freshman would not try to destroy it. But the student for whom the monument was intended did not sense its significance until a few sophomores, anxious to "start something," joined hands around the grave, pretended to weep, pronounced the "last sad rites," and sang "Shall we gather at the river" and other burial hymns. When the "mourners" had finally left the scene that evening the freshmen carried away the grave.

LOCKED FRESHMEN IN.  
On Friday night the sophomores living in Burwash Hall, the new Victoria residence, planned to show the freshmen a bit of student life. About 5 o'clock Saturday morning they rose and quietly tipped down the corridors, silently opening the "freshies" doors, removing the keys, and as silent as their victims in. Those who had taken the precaution to turn their keys as they retired were awakened, informed that the porter wished to get in as the pipes were giving trouble, and when they ventured to accommodate him were quickly imprisoned behind their own doors. Some of the prisoners were four hours trying to persuade someone to let them out.

When the freshmen were at length liberated, their leaders experienced difficulty in organizing them to fight. The sophomores, who were bound on having a scrap of some kind, captured about a dozen and put them in some rough coffins made available for the purpose.

Yesterday the freshmen had decided to stand their ground and punish their tormentors if it were at all possible. The sophomores were ready for them, and so those who passed by the campus around 10 o'clock saw one of the most strenuous scraps in the history of Victoria College.

## FIRST MEETING TO-DAY OF ELECTRICAL CLUB

Officers Will Be Elected — Meeting in Room 37

The first meeting of the Electrical Club for the season 1913-14 will be held tomorrow afternoon at 4 p.m., in Room 37 in the Science Building. The election of officers will take place and all arrangements for the coming year will be made. Meetings of this club will be held from time to time and they will be addressed by prominent men connected with the profession. All 3rd and 4th year men are invited to be present at to-morrow afternoon's meeting.

## COUNCIL WILL NOT MEET EXPENSES OF SOCCER MEN

Association Footballers Decide to Drop Out of Intercollegiate League

It was definitely ascertained last night at a meeting of the Association Football Club that the Students' Council would not meet their expenses. Mr. Bayne, the president, was in the chair. In the discussion which ensued, it was suggested that an estimated list of expenses be sent in to the Council to see what arrangements could be made but this did not meet with the approval of the Council. The president read a telegram from Toronto asking that the McGill team endeavour to remain in the league.

A motion to withdraw from the Intercollegiate League was proposed by Wilson and seconded by Bott. This was carried. Bott, seconded by Hale, then moved "that the Association Football Club continue as such with the approval of the athletic association, all expenses being met by the members themselves." This also carried.

## MEETING FALLS FLAT FEW JUNIORS PRESENT

Yesterday's Gathering of Third Year Postponed Indefinitely

Despite the notice in the "Day's Events" column of the "Daily" and an article on the front page stating the business, the attendance at the meeting of the year 1915 was small. This was disappointing to the officers as the business was important.

It was not thought advisable in view of the small number present to take any steps towards voting a portion of the caution money to aid in the production of the Annual.

The president spoke, in opening the meeting, of the deplorable lack of organization and co-operation among the different faculties of the class. There is a feeling prevalent that the members of the different faculties do not know one another sufficiently well and that an effort should be made to bring them together more frequently.

The president then announced that the vice-president and secretary-treasurer had dropped out of college for a year, so that he alone remained of last year's executive. Discussion then arose as to the advisability of postponing the meeting till a larger number could be got together. In the midst of this discussion the editor of the Annual entered and read the explanation that the Annual Board wished to put before the year the present condition of The Annual, and what the Board was doing.

It was then decided to adjourn until a future date, of which a full announcement will be given.

## ELECTIONS IN PHYSICAL SOCIETY

At a recent meeting of the Physical Society, the following officers were elected:

President, Prof. King; vice-president, Dr. Eve; secretary, A. A. Scott, M.Sc.

## TWO FRESHMEN MAKE RECORD RIFLE SCORE

Macpherson and Liddy Are The New Finds

Material has been found for the rifle club in two freshmen, Liddy and Macpherson. The latter, it is said, has shot as high as 102; if he turns out regularly this should be a great help to the Intercollegiate team. Last year in the Intercollegiate Meet the highest score was 98, so that if his performance is repeated, it will help bring another championship to McGill. Macpherson, it is said, has shot 32 and 33 at the short distances, his other score was given, still if he can come anywhere near his other mark he should also be a runner up for honours.

## VARSIITY TEAM VERY STRONG FOR GAME AGAINST R.M.C.

Freshman Rule Is Definitely Suspended — Several Positions Are Doubtful

(By our Special Correspondent.)  
The team which will represent Toronto in Varsity to-morrow's game against the Cadets in Kingston, will be made up as follows:

Halves, Maynard, Carr and McKenzie or Sheehy.

Quarter, Campbell.

Scrum, McDowell, Blackstock and McDonald.

Inside wings—Cory and Cassels.

Middle wings—Knight and Pearce.

Outside wings—Reaume, Sinclair, or perhaps, Sheehy.

Flying wing, Gage.

Spares—Half backs Lindsay, Wing line, Storms.

Quite a few of these men are veterans, having played for several seasons with the team. About some of the new men perhaps not quite so much is known.

McKenzie, who will probably participate in some part of the game, played against McGill last fall and did some wonderful kicking. He has broadened out during the summer and is now playing a game which is very much the same style as Lawson used to feature at McGill. Work at smashing through the line has been very good and is being used as a bunker, quite a lot. The only drawback to his being used on the team is that he does not seem to fit in well with Maynard and Carr.

Shahy is a very good man and seems to be equally useful both on the back division and at outside wing. He is very fast, being a track man, and catches well. These two are quite likely to secure him a position behind the line. His tackling ability however, is also very fair and the Varsity coaches are doubtful just where to play the ex-Ottawa College man.

Carr, the new half who seems to be

on the team to stay has been causing a great deal of talk around Varsity by his splendid playing. He is very fast and his great strength is that he runs to perfection with Maynard and Campbell. To get a man who will work well with these two has always been a proposition with the Toronto coaches but Carr they seem to have secured a prize.

Blackstock is the greatest addition to the team. He was captain of R.M.C. last year and played wonderfully for the Cadets in Kingston. He is very fast and a good tackler and on the job all the time.

The other two men McDowell and McDonald, who are playing in the scrimmage are also good steady men and will probably stay on the team.

Cassels, another new man, on the wing line is very good and is playing a beautiful game. He played a star part in the Little Big Four last year being the best man on the Ridley team. Reaume is very fast and a pretty tackler. He is also a freshman and practically sure of his place.

The freshmen rule here is being changed this year and several new men who are playing this season are in the first year. The academy standing of each man is looked into and if he is a bona fide student he is allowed to play. This rule has been tottering for some time and as pressure was brought to bear upon the Athletic Association by some of the older players who refused to turn out unless the rule was suspended, the executive decided that the best thing to do was to abolish the troublesome regulation.

Lindsay, the substitute half back, is another Freshman. He is an ex T.C.S. man and is shaping up well, except that he is troubled with weak ankles.

## WATER POLO PRACTICE WILL BE HELD IN Y.M.

Sale of Tickets on To-morrow — Trapp Elected Secretary

The treasurer of the Swimming Club submitted his report at a meeting held last night in Strathcona Hall at 6 o'clock. This report was duly approved. The Y.M.C.A. swimming tank will again be accessible to members of the club. The hours available are Monday, Tuesday, Wednesday and Friday from 4.30 to 5.30, on Thursday, from 4.40 to 5.30, and on Saturday from 5 to 6.15.

Trapp was elected secretary in place of Thom, who has dropped out of college. Membership tickets will be on sale by the janitors of the various buildings to-morrow, as well as by the officers of the club, whose names will be ascertained from the McGill handbook.

A water polo practice will be held on Saturday afternoon at 5 o'clock. Only those men who turn out to the practices will be eligible for places on the water polo team this year.

## FIRST YEAR MEDICOS HAVE ELECTED OFFICERS

Freshman Class Is the Smallest For Several Years

Medicine '18 at a meeting of the class supervised by Mr. Couillard, president of the Medical Society, elected its officers for the coming year. The following appointments were made:

President, Le Roy; Vice-President, O'Brien, Secretary, Poulin; Treasurer, Dick.

The Freshman Class this year is the smallest for some time, only about eighty men being registered.

## THE DESBARATS ADVERTISING AGENCY LIMITED MONTREAL AND TORONTO

## WORLD SERIES BASEBALL

In the third game of the World Series Tesreau was knocked out of the box, and Grandall, who succeeded him, did not fare much better. On the other hand, Bush, a younger, pitched masterfully and was backed by faultless support. A double steal by Collins and Baker, a wild throw by Fletcher, netted the Athletics three runs in the first. In the second, Murphy and Oldring got hits and Oldring stole second. Collins scored them both with a line drive over Doyle's head. In New York's half of the fifth, Murray walked, stole second, went to third on Schang's wild throw, and scored on McLean's single. Oldring got a hit and scored on Collins' three-bagger. Collins scored on Baker's single. Schaffer doubled and scored on Murray's single to left in New York's half of the seventh. In the eighth, Schang got a homer off Grandall.

| The official score:— |   |                |    |   |    |    |    | New York.      |   |              |    |   |   |    |   |   |   |

## LACK OF INTEREST SPOILS THIRD ROOTERS' PRACTICE

Meeting Had to be Postponed Owing to Small Attendance But Leader Hopes for Better Turnout To-day

Yesterday's Rooters' practice was hardly what could be called a success, although the attendance was a little better than the day before. When the meeting was called at four o'clock only about thirty Rooters had appeared on the scene and as it was hardly worth while going on with only that number present, Cheer-leader Masson postponed it till five-thirty. At five-thirty after the leader and a few of his stalwarts got out and canvassed for a while, a fairly large crowd were rounded into Strathcona Hall and a practice was held.

The Rooters were put through their paces in good style and there was a marked improvement in their yelling and singing. A bunch of new parodies have been received and are printed in another part of to-day's issue. As there will be no printed sheets for the Queens game on Saturday, the songs and cheers printed in to-day's paper should be cut out and preserved.

As to-day's practice will be the last before the game, it is hoped that a little better spirit will make itself evident and that there will be a large turnout.

## R.V.C. UNDERGRADS TO HOLD MEETING

To Discuss Compulsory Subscription to the "Daily."

To-day is to be held the first meeting of the R.V.C. Undergraduate Society for the Session of 1913-14, and naturally there are many matters which require attention. Among others the question of compulsory subscription to the McGill Daily comes up for discussion and this is a chance for every public-spirited student to show their desire to support the interests of McGill. Not in every University do we find enterprises sufficient to maintain a daily newspaper by the students, and for the students surely every member of the Royal Victoria College must feel that it is her privilege as well as her duty to forward, by all the means in her power, the interests of McGill.

The students of the various faculties feel that compulsory subscription is the most practical way of showing their hearty co-operation in this matter. It will be discussed in all its aspects at the meeting to-day, and the presence of every student from senior to freshman is requested in the common room at 1 p.m.

## A RESPONSIBLE GENERATION

For many years the older generation have been deploring the lack of knowledge of the younger generation, this fact has furnished material for many a controversy between interested members of both generations.

Yesterday two ladies of the older generation, were taking an afternoon promenade through the McGill grounds accompanied by a very young friend of the sterner sex.

Captain Hovey of the English Rugby team was putting his men through a stiff practice in picking up and passing the ball.

This practice interested the ladies deeply. They stopped to watch, and at the same time tried to discover what the game might be.

The small boy was just as much at sea as his companions as to the nature of the game, but thinking that it would never do to display his ignorance he at last came out with the profound statement "That's a game of lacrosse."

People say that the younger generation are ignorant but at least they can not say that they are not resourceful.

## EXCITING CONTESTS IN R.V.C. TOURNEY

Prevailing Fine Weather Good for Tennis Players

Owing to the continued fine weather, the R.V.C. Courts present a very busy scene at almost every hour of the day. Yesterday, several matches were played off both for the Inter-year and the Individual championships.

The results were as follows:

Individuals—

M. Longworth defeated V. Henry—6-0, 6-1.

M. Cameron defeated N. Morgan—6-0, 6-1.

M. Spier defeated M. Newnam—6-4, 6-2.

A. McCormick defeated L. C. McCaw. For the Inter-year in which sixteen games must be played—

Miss DeMuth (3rd year) defeated Miss Bodie (4th year)—9-7.

Miss C. Morgan (4th year) defeated Miss Ellison (1st year)—10-6.

Miss C. Morgan (4th year) tied with Miss L. McCaw (3rd).

The first round of the individuals will be played off by Saturday, Oct. 11th.

## ORCHESTRAL CLASS HELD FIRST MEETING

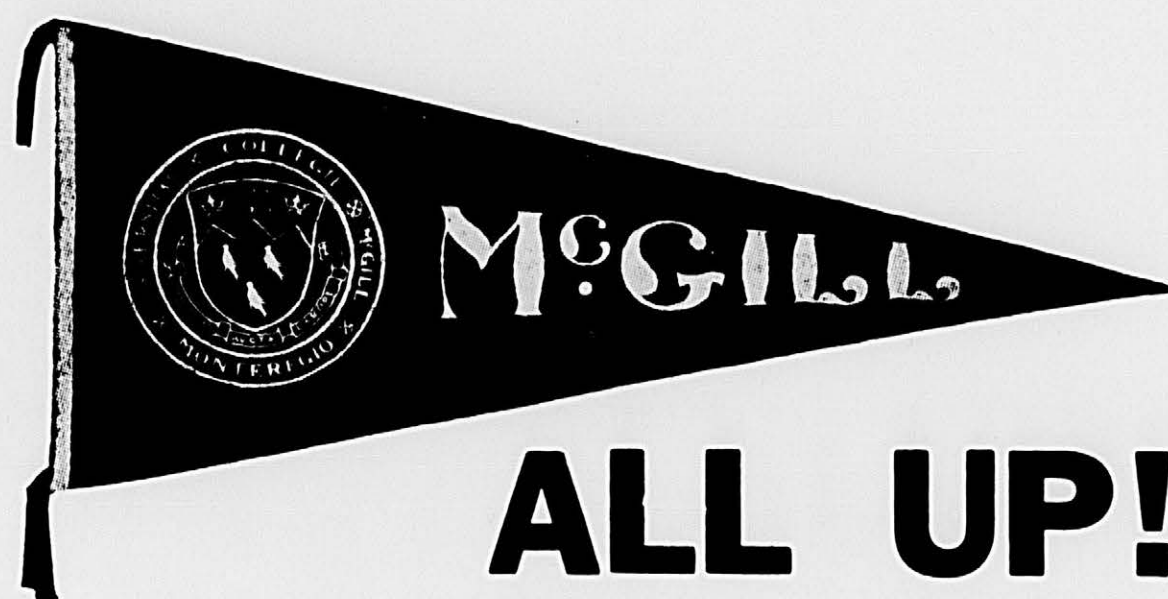

Reduced Rates for Gilmore Course Secured for Conservatorium Students

The first meeting of the Orchestral Class under the leadership of Dr. Perrin was held in the Conservatorium Hall on Tuesday evening last. Judging by the large attendance and the enthusiasm shown at this first practice the seasonal work promises great success. The first Orchestral Concert will take place on Tuesday, Dec. 11, in the Royal Victoria College.

On Tuesday, October 28 Mr. Wm. C. Mayforth will give his introductory piano-forte recital, in the R.V.C., and will be assisted by Monsieur T. Albert (violin d'amour) and Mr. Martin Davis, tenor.

The opening concert of the Gilmore course took place on Tuesday last when Mr. Edward Lankow charmed his hearers with his beautiful voice. The next 3 concerts which complete the course are dated for Oct. 21, (Robert Pollock and party); Nov. 11, (Arthur Friedhelm); Nov. 25 (Majestic Opera Quartette). Special reduced rates in all sections have been arranged for the benefit of the students of the Conservatorium wishing to attend, details of which can be obtained from the Secretary of the Conservatorium.

## THE FRESHMEN

It has always been the custom, in the universities of this continent at least for the upperclassmen to "sit" on the members of the freshman year on every possible occasion. Almost every college, whether large or small, has its code of laws governing almost every action of the unfortunate newcomers.

Not only is their every movement regulated by those who, by virtue of the fact that they matriculated a year or so earlier, have constituted themselves into a band of tyrants, but these self-appointed guardians of the verdant searchers after knowledge also devise all sorts of methods for hazing and otherwise annoying their recently arrived fellow-students. At some universities freshmen are forbidden to smoke or drink and are required to wear a certain kind of cap, probably as a badge of their supposed inferiority. At other colleges they are "hazed" and mauled at almost every opportunity and, their life to a certain extent is no doubt made as burdensome as possible.

History does not state where this custom originated nor are any good reasons given for the existence of such a state of affairs. Probably it began with the idea that, at the start of their academic life, students should be imbued with the idea of their general unworthiness and lack of knowledge. This object, however, has evidently been lost sight of lately and it now seems to be only a question of seeing how miserable the existence of the freshman can be made. It is a significant fact that this relic of barbarity is more in vogue at the smaller and less-important universities, although it must be admitted that even a few of the well-known institutions still cling to this method of subduing the lower-classes. Although it was the custom several years ago at McGill to hold some form of initiation, the practice has now died out and is almost forgotten. In its last stages it resolved itself into a yearly "rush" held early in the fall term; but owing to the fact that the first year was generally victorious and also to objections from all quarters, this was finally abandoned three years ago.

Since that time there has been no attempt to revive the custom and the results indicate that the best course has been followed, for, if we are correct in assuming that the idea of freshman rules was to show the general worthlessness of the incoming students, the object of the whole thing would certainly be defeated. One of the most noticeable features of this year's Freshman class at McGill is the way its members are turning out for the different Undergraduate activities. In this particular at least, they completely outshine any other year. A concrete example of this may be found in the entry-lists for the Freshman-Sophomore sports which took place last Saturday. The records show that not only did the Freshman entries outnumber those of the Sophomores by about two to one but the first year athletes defeated their opponents by almost an equal percentage. It is not only in sport, however, that the freshies are showing enthusiasm and ability. The practices of the Rooters' Club are attended mainly by first year men and most of the applications for positions on the "Daily" staff are from members of the same class. Is there unusual apathy this year on the part of upperclassmen where undergraduate activities are concerned or are the freshmen more enthusiastic than is usual? We are inclined to the belief that the latter is the reason for the unfavorable showing which is being made by the second, third and fourth years in almost every branch of undergraduate endeavor.

The Freshmen have started the session in the right way and if they continue their record of achievement should make this year to be remembered in the history of their class.

## EDITORIAL NOTES

During the past week considerable difficulty has been encountered by Track men while holding their daily work-outs, owing to the presence of spectators on the cinder path. The runners are forced to dodge in and out among the crowd and often have to make a wide circuit in order to avoid bumping into anybody. If those who are watching the football practices would keep off the track it would be of considerable assistance to the men who are practising in preparation for the coming track meet.

In another column we publish a signed statement from Coach Frank Shaughnessy, in which he says that the best way for the undergraduates to show that they are supporting the football team, is to turn out and root, preferably with the Rooter's Club. The team needs the support of the students if it is to repeat last season's success. It is up to you.

It has been the practice of some misguided students in the past to abuse the privileges which the University library affords them. There is a rule in force at the Library which requires that all reference books which are borrowed over night should be returned at nine o'clock the following morning. Last year this rule was treated with contempt. But worse than this, books to the value of one hundred dollars mysteriously disappeared from the shelves. The result was that the caution money of the students in general was taxed for this amount. It would seem that more than carelessness was responsible for this. It should be borne in mind that these regulations are in force, in order that nothing may interfere with the convenience of those wishing to avail themselves of the privileges which the Library affords.

## MANY INTERESTING WORKS RECEIVED AT THE LIBRARY

Latest Reports Give List Including Old and Valuable Documents

Further additions to the list of acquisitions to the McGill library are given below. The list published yesterday did not include the more important contributions to McGill's collection of valuable documents and works on Art, Law and Literature. That published below includes numerous interesting manuscripts, papal bulls, charters, deeds and several magnificent early atlases and many books, presented by Mr. Francis McLennan. The following is a complete list with the names of the donors:

La Louisiane ensanglantée. London, Flourey Mesplets, 1773.  
This is one of the rarest books of Mesplets, the first Montreal printer. It was issued before he came to Montreal. Only two or three copies are known to exist.  
Plutarch, Virorum illustrium vitae, Venice, 1478. A fine copy of one of the best examples of the early Venetian press. It is the work of Nicholas Jenson. The above two books were purchased from the Morgan Fund.  
Proceedings of the North American

Coast Fisheries Arbitration Court. 12 Volumes, presented by Hon. C. J. Doherty.

The Poems of John Davidson, Bliss Carman, Maeterlinck and other important modern writers, presented by the Readers' Club of the Royal Victoria College.

The works of Rembrandt, by Wilhelm Bode, 8 volumes. This is a magnificent work in folio containing fine reproductions with critical text of every picture painted by Rembrandt. It was presented by Dr. William Gardner.

Nichtoven's Great Work on China and two volumes of the great series, the Acta Sanctorum, have been received through the Graduates' Society of McGill University.  
Catalogues of Special Collections in the British Museum, 10 volumes. Presented by the Trustees of the British Museum.

Numerous interesting manuscripts, papal bulls, charters, and deeds; several magnificent early atlases, and a very large number of early books on various subjects have been presented by Mr. Francis McLennan.

favorable comment by its work. This year, Mr. Gibbs will again lead the musicians and under him they should have another successful year.

## GIRLS AT BOSTON NEEDN'T RIDE GOAT

Freshmen Who Subscribe to Magazine Are Excused

The fact that no sophomore-freshman rush is to be tolerated at Boston University, College of Liberal Arts, has not diminished to any degree the worries of the girls in the entering class.

They crowded about the bulletin board yesterday in the college building on Boylston street and then with whitening faces turned away. For there they read the rules for the Gamma Delta initiation, in which every new girl must have a part.

Among the more drastic commands of the Cophomores are the following: Beginning on Oct. 6, for one week they shall wear, suspended from each neck by means of a Kelly green ribbon, a small placard, bearing the inscription: "We're here cause we're here"; a green bow and a yellow bow shall decorate the shoulders, while a red cheese cloth belt will add to the color effect; the girls must write a stanza of at least two lines extolling the sophomore class, which they must be ready to recite at the request of any upper classman at any time; they must be particularly careful to assist the girls of the second year in the carrying of books and bags, and will take special care to bow low when a sophomore girl approaches.

The day of days when the next Friday afternoon when the initiation proper will take place in the college gymnasium. The fact that the new girls must wear a sign is sufficient explanation of what may be expected there. A unique scheme to increase the early subscriptions to the college magazine excuses all girls from "riding the goat" who subscribe for the Beacon before Friday.

## STUDENT BAND HOLDS PRACTICE TO-NIGHT

The second band practice of the University band will be held to-night at 7:30 o'clock in Strathcona Hall.

Last year the University Band, under the direction of Mr. Chas. Gibbs, was a great success. In all the football games it supplied music for the Rooters and it created a great deal of

## ROOTERS' CLUB SONGS

CUT THIS OUT FOR PRACTICE

(To the tune of Tammany.)  
James McGill! James McGill!  
Peacefully he slumbers there,  
Blissful though we're on a tear,  
James McGill! James McGill!

(To the tune of "Marching Thru' Georgia.")  
Now our team is on the field, every nerve and muscle steels,  
And determine that they'll win or die to-day.  
See those fellows sure and strong, ready all the line along,  
'Varsity will have to break and fade away.

(Chorus.)  
Cheer, then cheer for old McGill boys,  
Raise your voices in a song,  
We must beat them on the play,  
For we're out to win to-day,  
And the team in red and white'll move along.

(Tune, "What's the Matter with Father?")

What's the matter with George Laing he's all right,  
What's the matter with Paisley, he's all right,  
Now, all you fellows from Old McGill,  
Cheer that team till their hearts do throb,  
What's the matter with our team, they're all right.

(Tune, "In Old New York.")

At old McGill, at old McGill  
The campus crop is fine (SURE)  
They're always there  
For the square,  
For scarlet and white are in line.  
We've seen the teams that come from Queen's.

When we get hold of Queen's to-day  
When we get hold of Queen's to-day  
We'll push that old ball over  
And over and over  
Oh! Oh! Oh! Oh!  
Don't be afraid.

When we get hold of Queen's to-day  
When we get hold of Queen's to-day  
We'll show them an improvement  
In the latest football movements.  
When we get hold of Queen's to-day.

(Tune, "Dixie.")

You want to be, you want to be,  
You want to be in old McGill boys,  
Where the Red and White are in the fight,  
Morning afternoon and night,  
You want to see, you want to see them.

You want to see our team rip thru'  
You can tell the world the cup comes to M-C-G—well, we all know how to spell it.  
For we're going, you bet we're going;  
Yes, we're going to win to-day.

(Tune, "Row, Row, Row.")

So now we'll shove, shove, shove,  
Way up the gridiron we will shove,  
shove, shove,  
Another kick we'll send them every now and then,  
We'll tell them when,  
A run and the end, I guess,  
Will fool old Queen's again,  
And then we'll shove, shove, shove,  
Queen's a bit further we will shove,  
shove, shove,  
That's the line we will be,  
And then I guess you will see,  
Another score, score, score,  
Get a wiggle on, get a wiggle on,  
Get a wiggle on, get a wiggle on,  
Get a wiggle on, get a wiggle on,  
We're ready to start,  
We're ready to start,  
We've been trying to cheer you,  
Now we want to hear you,  
Get a wiggle on, get a wiggle on,  
We're ready to start,  
They say that Paisley, he ain't got no style,  
He's got style all the while,  
He's got style all the while,  
They say that Paisley, he ain't got no style,  
He's got style all the while, all the while.

M-C-G-I-L-L-L-L-L-L  
Que'z qu'elle ena vile McGill,  
Il est correct, bien, oui, bien oui, (Ba wee)  
McGill, McGill, McGill, (McGeel)  
Oh Paisley you're a friend of mine,  
Oh Paisley you're a friend of mine,  
Oh Paisley you're a friend of mine,  
With your hands in your pocket,  
And your gold chain and locket  
Oh Paisley you're a friend of mine.

(Tune—"In My Harem.")  
At McGill, McGill,  
There's Laing, Draper, Paisley,  
And they're at it every minute,  
Sure Varsity's not in it,  
They say that Paisley, he ain't got no style,  
He's got style all the while, all the while.

(Tune—"Good Bye, Boys.")  
Good Bye, Queen's, we're going to be  
Champs of the Season,  
Good Bye, Queen's, we're going to buck  
up and reason,  
No more crossing over our touch line,  
No more success in bucking our line,  
You better say away  
We've got you licked to-day,  
So—Good Bye, Queen's.

(Tune—"Hamburg Show.")  
Oh, we're going to that football game,  
To see the McGill boys trim old Queen's—  
Old Queen's,  
And we'll cheer together,  
In fair or stormy weather,  
For we're going to see them trim Old Queen's.

## SENIOR CLASS ELECT OFFICERS FOR YEAR

B. A. MacFarlane New President of Graduating Class

The annual meeting of the Senior year took place in Strathcona Hall yesterday afternoon. The president, H. J. MacLeod of Science, occupied the chair. In opening the meeting the president stated that although the students of the different faculties mingled as students and as friends there was little of a business nature to the energies of the officers. This year, however, they would be connected with the graduating exercises and these always reflect creditably or otherwise on the graduating class.

The President thanked those present for the office in the junior year wished them success in the spring and in the sterner examinations of life which follow.

Nominations for President resulted in the election by acclamation of Mr. B. A. MacFarlane of Science.

Mr. Bradford of Arts was elected second vice-president, Mr. H. E. Jamieson secretary; Mr. Harold Griffiths, treasurer. The first vice-president is to be elected by the graduating class in the R.V.C.

Moved by H. J. MacLeod, seconded by W. D. Scott, "That each faculty be requested to appoint two delegates to assist the officers in the work in connection with the graduating exercises."

The officers elected are all well known and will no doubt carry on the work of the year in a most successful manner.

## UNIVERSITY SETTLEMENT HAS SUCCESSFUL SUMMER

Dr. Dale Makes Interesting Disclosures Regarding the Progress Made and Plans for Future

In an interview with the Daily, Professor Dale, president of the University Settlement, disclosed some very interesting information regarding the work that has been undertaken during the past summer.

The old building having proved inadequate, the committee decided last spring to take over an old factory, situated on Dorchester street, east of Bleury street. Under the supervision of Professor Ludlow, assisted by Mr. Dowle, the building was completely renovated. The new quarters were formally opened by the Duke of Connaught.

During the summer, the Settlement proved its usefulness to the community when, at the instigation of those in charge, a petition signed by five hundred children in the district, asking that a public bath be erected in the vicinity, was presented to the City Council. The City Council has promised that the request will be granted in the near future. During the hot season, the shower baths in the settlement house were opened to the public in the neighbourhood. There was a tremendous rush of people to avail themselves of this privilege.

A milk station was opened early in the season, the special purpose of which was to look after sick babies. This department was run under the direction of Dr. Dunstan Grey and many lent assistance in making this important feature a success. In addition to the providing of wholesome milk, much help was given to mothers.

The camp was held at St. Rose. It took the form of a week-end camp. There were six tents this year as compared with one last year. Those boys who could not afford to pay their own way were given an opportunity of

working their way.

Referring to those in charge, Professor Dale said that there were three salaried workers as well as some sixty volunteers. This is a slight increase over the numbers of last year. Any who would care to give some time to this form of service may communicate with Mr. W. A. I. Anglin at Strathcona Hall. There is an opening for leaders in connection with the Boys' Clubs or in the common room, especially for any who may be musically inclined. Physical training is a strong feature of the work and the Settlement is in possession of a very good gymnasium.

The Central Y.M.C.A. is considering the advisability of using the Settlement as a training ground for social service workers.

Touching on the progress that has been made, the president pointed out that the average attendance last year was two thousand five hundred per month. This has already been exceeded.

The work of the Settlement is quite comprehensive. There is a place for everybody from the youngest child to the oldest member of the household. The flourishing organization of Boy Scouts is in existence, the 11th Montreal and the 1st and 2nd McGill troops. As soon as sufficient money can be obtained, a gymnasium will be erected.

The receipts from July, 1912, to August, 1913, amounted to over twelve thousand dollars. The property purchased has cost in the vicinity of thirty-four thousand dollars. It has already doubled in value. It would have been impossible to put the business through were it not that the University extended the committee a loan of twenty thousand dollars.

(Tune—"Melinda's Wedding Day.")  
It's a holiday—Everything is gay,  
Get the bands to play—move the crowd away.  
McGill plays the Kingston boys,  
And they're strong—Just look at the throng,  
Lordy look who's here—Now they're coming near,  
Smile from ear to ear—Everybody cheer  
Just stand up and shout "Hurrah!"  
It's McGill's Football Team.

(Chorus.)  
Just clap your hands and keep time  
Here they come down the line,  
Oh! see the Red and White—See them fight,  
Horns they're blowing—Canes they're waving,  
What's that—that's that—Was that the colors flying?  
Get to your feet—Go on and stand on your seat.  
Because they'll soon be on their way—  
Yea—Bo—Let the world know,  
It's McGill's Football Team.

(Tune—"On the Old Fall River Line.")  
On the good old Campus Grounds,  
On the good old Campus Grounds,  
Queen's fell down before our attack—  
Our men sure made them sing,  
Then next we'll meet Old Varsity—  
And do the same old thing,  
And they'll swear—you bet,  
Coming champs they met,  
On the good old Campus Grounds.

(Tune—"Everybody Two-step.")  
Chorus.  
Everybody turn out and yell for Old McGill,  
Everybody turn out and join the root-ers' drill,  
Give your yell with all your might,  
Everybody turn out and turn out right,  
If you want to turn out, don't think you shouldn't dare,  
Everybody does it—Nobody ought to care.  
Everybody wiggle waggle—then you start a row,  
Everybody turn out now.

(Tune—"Take Me to that Swanee Shore.")  
Oh, won't you take me to that football game,  
So I can see Old McGill play once more,  
Paisley's there—he's a bear,  
There's Draper and Monty,  
There's Tooley and Brophy,  
And many more, no time have I to name.  
The boys just arrived, now watch them join the game,  
Down on the Campus there,  
That's where the battles fare,  
Take me to that football game.

(Tune—"That's How I Need You.")  
Chorus.  
Like the good Procs, pull the students,  
Like the students raise the din,  
Like the tennis already won,  
So the Rugby Champ, we'll win,  
Like the field sports, we will capture,  
And the records break a few,  
By the score we beat the M.A.A.A.,  
That's how we'll beat you.

NORWICH CANCELS ALL GAMES.  
The cancellation of the entire schedule of the Norwich University football team, because of the death of half back Elyea, has been announced. Elyea's death resulted from injuries received in a game with Holy Cross on Sept. 24.

## HAIR LINE STRIPES

A striking feature in Fall Patterns.

—On various colored grounds, but most popular in Blues, Blacks and Greys—with fine hair line stripes of white.

of the World's Championship Baseball Series.  
CADETS DE GASCOGNE  
and  
MARTELL.

NO MAIL FOR COWS.

There was a new postmaster at Pud-lapton, and he was not having a very happy time. Most of the farmers living in the neighborhood were in the habit of calling for their letters and the unfortunate postmaster found himself besieged by a crowd of bawling, bawling men, all demanding letters at the same time.

At last one strode in who was burlier than the rest and who shouted, with a voice of thunder:  
"Have you got any letters for Mike Howe?"  
"For who?" snapped the perspiring official.  
"Mike Howe, I said," bawled the farmer, louder than ever. "Don't you know your job, or can't you talk English? Have you any letters for Mike Howe? Now do you understand?"  
The postmaster took his glasses off. "No, I have not," he snorted; "neither for your cow, nor anyone else's cow!"
